## VON KAPP REIGN IN GERMANY ENDED LAST NIGHT

### Ebert Government Took Control at Six O'clock, and Has Ordered the Arrest of Leaders of Revolt

#### Railway Workers Have Ended Their Strike--- Communist Demand Power for Themselves

By CARL D. GROAT  
(United Press Staff Correspondent.)  
Berlin, March 17—(Night)—The Von Kapp revolutionary dictatorship ended tonight.

Following the resignation of Von Kapp and General Von Luetwitz, Eugene Schiffer, vice chancellor under President Ebert, took over the government at 6 P. M. Simultaneously the red, white and black flag was hoisted over government buildings as a symbol of the defeat of the monarchy movement.

The central committee of railroad workers at the same time, decided to end their strike immediately.

The Ebert government returning to power, has ordered the arrest of Von Kapp, Von Luetwitz, Police Chief Von Jagow, Admiral Von Potra, Dr. Brederick, Col. Beyer and Captain Gerhart.

Herr Heine and other leaders of the old government left Stuttgart this afternoon.

Military reinforcements arrived in Berlin to assist in maintaining order. Troops took advantage of the meeting of the striking workmen of the electrical plant at Charlottenburg, and surrounded the workmen and forced them to return to their posts, so the plant could operate to supply Berlin with electricity.

#### Collapse of Revolution Confirmed

ED L. KEEN,  
(United Press Staff Correspondent.)  
London, March 18—Complete collapse of the Kapp-Luetwitz revolution in Germany, was confirmed by dispatches here today. Both the revolutionary dictator and his minister have resigned, the dispatch said. A Copenhagen dispatch said that General Von Quelsen had taken over command of troops in Berlin in the name of Gustav Bauer, chancellor to President Ebert.

An exchange telegraph dispatch early today said the Ebert government was expecting to return to Berlin today. An earlier dispatch said that coalition of independent socialists and communists intend to form a soviet republic.

Meantime dispatches indicate the Spartacists continue to press their advantage to reorganize for a soviet government. A soviet republic has been proclaimed at Eisleben, a Berlin dispatch asserted.

Stuttgart dispatches, by way of Copenhagen, said Von Kapp troops had been defeated and disarmed after bloody fighting at Cera, an important railroad city 150 miles south and west of Berlin.

The Bavarian Diet, the dispatch said, has elected Dr. Von Kape, former governor of Upper Silesia, as Bavarian premier. Bloody fighting also was reported from Hagen to Westphalia, where workmen and troops clashed when the soldiers attempted to occupy the city.

#### Revolting Troops Leave Berlin

Paris, March 18—Resignation of General Luetwitz, as head of the revolutionary movement in Berlin was accepted at 5:40 P. M. yesterday, Berlin dispatches said today.

Luetwitz was head of the revolutionary government for only a few hours following the resignation of Chancellor Von Kapp.

General Von Seckt, the dispatch said, took over the ministry of war pending arrival of Gustav Noske, President Ebert's minister of defense. Von Seckt also assumed command of the Reichwehr troops.

General Von Oven took command of the regular soldiers now in Berlin.

These will be removed from the city

as soon as possible, he said. The Ehrhardt naval brigade which furnished the military power of the revolution, has evacuated Berlin, but burned all records of its part in the movement before leaving.

Troops which remained faithful to the constitution were put as guards of all public buildings.

#### Communists Demand Power

London, March 18—A Berlin dispatch by way of Copenhagen quoted Deputies Daumig and Cohn, heads of the combination of radical parties, have demanded that proletarians "will not organize the workingmen's force for Ebert's profits."

The proletariat demanded power for itself, the dispatch quoted the leaders as asserting. Other dispatches said the independent socialists, communists and right parties had held a conference and selected a cabinet, naming Daumig as chancellor; Kurt Beyer as minister of the interior; Herr Neuman or Herr Levi, minister of foreign affairs, and Herr Cohn as minister of justice. The cabinet list includes only independent socialists and communists.

#### Grave Danger of New Revolution in Germany

Washington, March 18—There is grave danger of a new German revolution resulting in a powerful German-Russian alliance which would be a menace to the peace of the world, according to advices received today by diplomats here.

Reports from Germany of Spartanic outbreaks are declared to be the first indications of this development. Diplomats in the last few days have seen sudden and alarming growth in this movement. Workers and troops from Moscow, headed by German bolsheviks, are expected to make an effort to save the country and effect an alliance for the soviet government. The next step, it was believed, would be repudiation of the peace treaty on the ground that German workers did not want the war and therefore decline to make reparations for it.

#### Doughboys Ready

Paris, March 18—American troops along the Rhine "are ready for any emergency" that may arrive from the chaotic condition in Germany, General Allen, their commander, declared in an interview at Coblenz received here today.

"The meeting of allied chiefs called by Marshal Foch was arranged before the coup in Berlin, and hence was not occasioned by it," Allen said. "The question of allied control beyond the Rhine bridge was not discussed."

"I don't think the Kapp government had any reflection along the line, but naturally we could not tell how far it was going to extend. The American troops are in fine condition and ready for any emergency." After the interview Allen left for Paris to confer with Hugh Wallace, American ambassador.

#### Soviets Established in Berlin

London, March 18—Communists have established soviets in the suburbs of Berlin, and are gaining ground in Westphalia, according to semi-official dispatches here today.

#### Noske Will Retire

London, March 18—Gustav Noske, President Ebert's minister of defense, will retire from the cabinet, a news agency dispatch from Berlin said today.

### Houston Wants Flat Tax on Excess Profits

Instead of the Graduated Tax of From 20 to 40 Per Cent as at Present  
(By United Press)

Washington, March 18—Recommendations made by Secretary of the Treasury Houston, for a revision and simplification of the present tax law will be opposed by the leading democrats in the house, Rep. Kitchin of North Carolina, minority leader, said today. Republicans in general approve the suggestion made by Houston, and it is possible this will force some action on the revenue question at this session.

Houston has aroused the ire of the democrats, led by Kitchin, because of his recommendation for a flat tax on excess profits in place of the present gradual rate of from twenty to forty per cent on earnings above eight per cent. Kitchin declared that the Houston plan will again shift the burden to the poor, while the present system falls heaviest proportionately on the rich. Likewise he claims it is a direct reversal of the policy of President Wilson and Wm. McAdoo.

### Sims Completes Case Against the Navy Department

#### Says Navy Made Great Record Despite Handicap of Misdirection

(United Press)

Washington, March 18—Rear Admiral Wm. Sims today completed his case against the navy department's work during the war with a tribute to the achievement of the navy in the face of handicapped "vacillation policy," "misdirection" and "dangerous delay" by Washington.

Sims will begin cross examination of the admiral tomorrow. His preliminary statement was one of the longest ever read to a senate committee and covers nearly two hundred closely printed pages totaling 120,000 words. He went into minute details regarding operations during the war, quoting from scores of secret cables and referring literally to hundreds of others.

"We of the navy can take pride in the record that was achieved," Sims said.

"I think I have said enough to convince them it would have been more effective if the policy had been put in to effect the moment we entered the war instead of a dangerous delay of many months."

Sims claimed that reserve officers in the war zone worked without prominence, while those at home were promoted one and two grades.

### Steamer Burns With Two Million Gallons Gasoline

(By United Press)

New York, March 18—Radio dispatches received by the United States radio station here today reported the United States shipping board steamer Olochon ashore in the Balboa canal zone with two million gallons of gasoline on board.

The vessel took fire yesterday afternoon, according to wireless reports, while at anchor. A Panama Canal tug managed to get the liner ashore and beached. The vessel still continued to burn this morning. The crew was saved. The vessel left Philadelphia Monday for Vladivostok via the Panama Canal.

### Allied Troops in Constantinople

#### Two British Soldiers Were Killed, Four Wounded, Turkish Casualties Were Heavier

London, March 18—Allied occupancy of Constantinople, which occurred yesterday, will continue until the terms of the Turkish treaty are fully executed, according to official announcements.

Two British soldiers were killed, and four wounded, in minor clashes when they attempted the occupancy under General Milne. The Turkish casualties were somewhat heavier. The occupancy, it was said, was largely for the protection of foreign nationalities.

### May Vote on Treaty Ratification Late Today

#### Way Cleared for an Early Vote by Agreement to Dispose of Reservations Before Adjourning

L. C. MARTIN  
(United Press Staff Correspondent.)

Washington, March 18—The way was cleared today for an early vote on ratification of the peace treaty when the senators met to agree to stay in session until all reservations have been disposed of. As further aid to speedy action the senate agreed that debate on reservations shall be limited to fifteen minutes for each senator on any one reservation. Lodge also gave notice that he would ask that the rule requiring the resolution of reservation to live over a day without action be suspended.

There is a possibility that the final vote will come late today. The conviction that it will for the second time result in rejection of the treaty, was strengthened by the senate's defeating late yesterday the Lenroot reservation declaring it would be the American policy that in the event of the threat of another world war in Europe, the United States would consider what action it would take.

#### Several Reservations Rejected

Washington, March 18—Displaying a disposition to get final vote on the peace treaty without much more delay, the senate today began voting on the remaining reservations.

It rejected 27 to 48 a reservation proposed by Senator Reed, providing that the United States keeps to itself the right to decide what questions effect its nation's honor and interest and withhold all such questions from the jurisdiction of the league of nations.

Following defeat of this, Reed offered another providing that the United States assume no obligation to use its military or naval forces to any article of the treaty for any purpose.

This also was rejected 17 to 52. He offered another in almost the same language. It also was beaten.

### Defeat of Treaty Fatal to Democracy

#### Said Wm. Jennings Bryan—Urges the Democrats to Help Ratify Treaty

HUGH BAILLIE,  
(United Press Staff Correspondent.)

Washington, March 18—Defeat of the peace treaty by the vote of the democrats "will be fatal to our party's hopes," Wm. J. Bryan declared today. His own course, in that event, is problematical. He refused to say what it would be, on the ground that it is hypothetical.

With the final vote on the treaty in sight, Bryan in an interview with the United Press, renewed his de-

Ralph A. Hayes of Cleveland, O., recently appointed assistant to Secretary of War Baker, who has gone abroad to co-operate with the American graves registration service in Europe in the matter of returning to American soil the United States soldiers who died in France, and to make preliminary inspection for the accommodation of bodies in French burial places of those whose nearest of kin permit their interment permanently in France.

mand for ratification in opposition to President Wilson, who is against ratification with the Lodge reservations. Bryan said

"I should be very happy to hear tonight that the treaty has been ratified. Believing that the democrats desire to give both their country and their party what they desire, and believing that it would be a great detriment to the country and to the party in the coming campaign for the democrats to join with the irreconcilables in defeating the treaty, I shall assume that their vote is for reservations as adopted, and thus put practically the entire senate back of ratification."

"I am sure such a good policy would be also unanimously endorsed by the people of the United States, and would be of great benefit to the struggling democracy of Europe."

### Majority of Delegates to State Convention are Uninstructed

#### Nevertheless General Wood is Favored by a Large Majority

(By United Press)

St. Paul, March 18—Forty-nine counties in Minnesota are sending uninstructed delegates to the republican state convention here Saturday. Twenty-nine delegations have been instructed to support Major General Leonard Wood and six county delegations are instructed to vote for Frank Lowden. Two counties, Cook and Clearwater, had not reported up to noon.

It was considered significant by some republicans here that only Wood and Lowden were mentioned in reports of many counties. In view of the large vote received by Hiram Johnson in the Twin Cities, his backers were expecting greater support in outlying districts.

A check-up of the county conventions however, show that some delegations were instructed for Wood and Lowden by extremely close votes. Johnson and Hoover secured prominence in county convention discussions.

Hennepin and Ramsey counties held their conventions yesterday since both counties make this congressional district. Frederick H. Carpenter, and William J. Williams, of Minneapolis, were chosen delegates to the national convention for the Fifth district, and will go uninstructed. Herbert Keller and Leavitt Corning were chosen delegates from the Fourth district, St. Paul, and will go instructed to vote for General Wood "so long as Wood has a chance."

### Strong For Wood, Sherburne, Stearns Elect Delegations

(Special to Dispatch)

St. Cloud, Minn., March 18—Stearns and Sherburne republican county conventions elected strong Wood delegations and endorsed Alvah Eastman, editor of the St. Cloud Journal-Press, for delegate-at-large.

### Johnson Declaims Against Minnesota Primaries

(By United Press)

Washington, March 18—"Farmers were virtually 'disfranchised' in the Minnesota presidential primary election," Hiram Johnson, who was a candidate, declared in a statement issued at his office here today.

"This primary was the first 'straight arm act' of the campaign," Johnson declared. He charged that the "machine" conducted the fight for Wood, and despite his protest polls were open only an hour in the evening. Bad roads prevented farmers going to the polls, Johnson said. He claimed to have carried the Minneapolis and St. Paul districts.

### Hoover Says Treaty Should be Ratified

#### Says Reservations Should Satisfy the Most Timid as to Entanglements

(By United Press)

Washington, March 18—Herbert Hoover today declared the peace treaty should be accepted "so long as the final form giving us freedom of action and rule for constructiveness depended on peace."

He also said that the growing state of national antagonism cannot be moderated until the United States joins the league of nations.

In a statement prepared for the Washington Star, the former food administrator asserted that the reservations to the treaty should "satisfy the most timid as to entanglements."

Meeting of the Fans Soon to be Held in Little Falls and Matter Threshed Out

(Little Falls Transcript)  
Peter Newman has received letters in the past few days from Armstrong, Woods, Brandell and Bessemer, and they all wish to return to Little Falls for the coming baseball season providing a team is formed.

There is a great deal of baseball talk going the rounds these days in the city and the majority of fans favor a salaried team with a short playing season. In this way the committee or officers in charge of a team could concentrate the money available in such a way as to secure a top notch team. This is considered by many a better way than to stretch the playing season over a longer period and hire lower priced players.

A meeting of the fans will probably be held in the near future and the matter will be threshed out at that time.

Other towns of the state that are planning on a team for the coming season are already getting busy and the local fans are calling for action.

## BOWLING TOURNAMENT OPENS

W. Sasser and E. Johnson Rolls High in Doubles While A. White Tops the Singles

The Brainerd bowling tournament opened Wednesday evening and, while the scores were not at all large, they showed great promise for future events of the kind and some fairly high marks were hung up for the bowlers to shoot at tonight.

W. Sasser and E. Johnson are now in the lead with a score of 1110. Sasser getting 550 and Johnson 560, and this score of 1140 is very likely to withstand the attack tonight.

I. White and N. Ziebell rolled into second place, so far, with 1029 and O. Albertson and R. Duerr are in third place with 1021.

The singles brought out some good rolling. Art White scored 581 pins and is now in the lead for individual honors while Bob Duerr ran a close second with 578. Bert Kylo stands third with 518, Louis Imgrund in 4th place with 511 and Sasser 5th, at present, with 501.

17, Entitled "The Noble Out-  
cast" at Armory

Iron-ton, Minn., March 15—A meeting was held last Saturday evening at which time it was decided to disband the Cuyuna Range Defense League and distribute the money in the treasury among several local organizations that were taking up the work formerly done by the League. There was left about \$3,220.00 in the treasury and this will be divided approximately as follows: American Legion, Crosby and Iron-ton, \$500 each; Community Council, Iron-ton, \$735.00; Mothers' Club of Crosby, \$735.00. Similar organizations in Manganese, Trommald and Cuyuna each receive \$250.00 to be held in trust for them until needed. The officers of the old organization were: W. Van Evera, President; E. A. Lamb, Sr., Vice-Pres.; L. W. Smith, Sec.; and R. L. Hinkel, Treas. They have worked hard to make the League a success and have succeeded in their efforts.

Mrs. O. C. Gorder and Mrs. W. E. Raymond were hostesses to the Women's Community Council at their meeting last Tuesday afternoon. A vote of thanks was given to the Cuyuna Range Defense League for their appropriation to the organization of \$733.17, which was very greatly appreciated. The next meeting of the Council will be held March 24th, at which time Mrs. E. R. Burns and Mrs. G. W. Franson will act as hostesses.

Peter Spina who built the hotel here, which bears his name, returned to Milwaukee after attending to business matters.

Attorney D. B. McAlpine left this week for Minneapolis on legal matters.

To Make Mirror Brilliant.

To clean a mirror in such a way as to bring it to the highest state of brilliancy, very fine whiting, or, better, precipitated chalk, is one of the best-known agents. The mirror should be rubbed gently with methylated spirits with a soft, clean sponge, and then dusted with the whiting or chalk. After a moment it should be wiped with a dry cloth. Another softer cloth, or, more effectively, a silk handkerchief, should be used for the final polishing, which should leave the glass clear and brilliant.

Turkish Debtor's Home Exempt.  
It is unlawful in Turkey to seize a man's residence for debt, and sufficient land to support him is also exempt from seizure.

Richards-Hughes

John Hughes and Elizabeth Richards were married on St. Patrick's day, Rev. Father J. J. O'Mahoney officiating. Witnesses to the pleasing ceremony were George Blaser and Anna Noble. Their many friends extend best wishes for their continued happiness and prosperity.

NEW SCHOOL OF MUSIC

Teachers for the new school of music are coming slowly but surely, the latest addition to the teaching staff is Leon S. Royky, a clarinet teacher. A violinist by the name of Herman Busse, formerly of the Minneapolis Symphony orchestra, and now teaching in Grand Forks, is expected in a few weeks.

It is the aim of Mr. Palmer who is at the head of this newly and but partly organized school of music, to establish an institution in the near future that Brainerd can be justly proud, and first class teachers will not and could not afford to stay where they have not the good will of the citizens in general as well as the musically inclined, therefore it is up to the people of Brainerd to encourage and patronize such people as come up here to locate permanently, those who "spend their money where they make it."

The faculty of the Palmer school of music at this writing is as follows:

Clarinet and Saxophone—Leon S. Royky.

Cello—Wm. Rodenkirchen.

Piano, Harmony, Composition, Arranging and all Brass Instruments—Wm. F. Palmer.

Xlophone, Tympani, Drums and Percussion—Oscar Rishberg.

An amateur band and orchestra will be organized about April first, the purpose of which is to help those who like music for its own sake, and wish instructions in ensemble work by playing at social functions, the churches, or any gatherings of music lovers. Any information regarding the school of music, or the amateur band and orchestra about to be organized, will be furnished with pleasure. Phone, write or call, Palmer School of Music, Park Theatre Bldg., Brainerd.

# Karo Maple?

ONE of the reasons why housewives are so delighted to know that the old, reliable Karo is now to be had with the flavoring of purest maple sugar is because it solves the "High Cost of Maple Syrup Problem."

The new Karo Maple Flavor has the delicious taste of new maple syrup; it also has the rich body so desirable in a table syrup.

Compare the flavor and cost of Karo Maple Flavor with other syrups. You'll then know why it is so popular.

Be sure to ask your grocer for Karo Maple Flavor in the Green Can. It is guaranteed to please you or your grocer returns your money.

## "CONCURRENT POWER"

We know that the leaders of the "drys" and of the "wets" believe to be the meaning of "concurrent power" as employed in the eighteenth amendment—the one interpreting it as permission to the states to make the amendment more but not less binding, the other interpreting it as permission to the states to modify the terms of the amendment within their own borders. What we do not know is the government's interpretation, for its officers differ in their explanations. For example, Judge Rellstab of the United States district court at Trenton, N. J., says: "The use of the word 'concurrent' gave the states no power to engage in a legislative conflict with congress. The states possess power granted by this amendment as they possess all other concurrent powers; dominant when they alone exercise it; subordinate when it is exercised by congress."

On the other hand, Solicitor General King, in defending the amendment against the suit of complainants before the supreme court of the United States, made the states primary rather than secondary in the matter when he said: "The amendment does not interfere with the functions of the states, but gives the federal government power to act with the states in enforcing prohibition, and results from a general demand upon congress to assist dry states in enforcing prohibition."

Obviously the sooner the supreme court precisely defines the "concurrent power" of the states and settles the matter beyond question, the better will be the prospects of peace in this connection.

## FEED MILL IN BRAINERD

"If Brainerd wants to draw trade this way, if it wants to aid the farmers in this community, then they should establish a feed mill in town here," said a well known farmer.

As matters stand there is a flour mill with all equipment standing idle on Front street. If it could be run as a feed mill it would be assured of considerable farmer patronage. It is hoped by the Dispatch that something can be done with the property and that instead of standing idle it can be converted into a real community asset.

## Tasmania.

The island of Tasmania, formerly called Van Diemen's Land, lies off the south coast of Australia. It has an area of 30,385 square miles. It is covered by a network of ridges, termed locally tiers, which enclose a multitude of small plains and valleys. The principal industries are agriculture, milling, stock-raising and some manufacturing. Tasmania is a state in the commonwealth of Australia. It has a population of two hundred thousand. The exports are wool, gold, silver, tin, timber, fruit, jam, hops and hides.

## PLAN FILM DESCRIBING EVOLUTION OF BILLINGS

(Billings, Mont., Gazette)  
 How Billings evolved from a frontier outpost, diminutive cow town originally known as Coulson, will be depicted in motion pictures as accurately as available record permits, according to plans being laid by Secretary F. T. Lincoln of the Commercial club and W. W. Gail, chairman of the club's publicity committee. Mr. Lincoln will write the scenario and on Mr. Gail will devolve the work of collecting suitable pictures and scenes.

Many photographs of early-day scenes in and about Billings are obtainable, and these, it is planned to utilize in producing a film which is expected to be of distinct historical value and unusual interest to residents or former residents of Montana and adjoining states.

Mr. Lincoln superintended the production of a similar film setting forth the historical development of Cass Lake, Minn., when he was secretary of the Brainerd Chamber of Commerce. This film Mr. Lincoln had forwarded to Billings and centers around the life of an Indian character named, for convenience, John Smith. His real name is Ka-Ba-Nah-Gwey-Wence, and he lays claim of being 127 years old. He told his life history and the history of Cass Lake to Mr. Lincoln through an interpreter.

The Cass Lake film will be shown at the commercial club, or at some motion picture theater probably within the next two weeks, Mr. Lincoln said, to give club members an idea of what the proposed Billings film would be like.

Winners of this schedule will clash tomorrow in the finals.

## Legal Newspaper Law Argued

Bismarck, N. D., March 18—The legal newspaper act passed by the legislature of 1919 will be argued orally today before the supreme court of the state on an appeal from the Sixth judicial district where it was held unconstitutional by Judge Crawford.

The law provides that until the next general election the official newspaper in each county shall be designated by the senate, printing and publication commission. The test case was brought in Grant county where the board of commissioners ignore the law.

Enemies of the bill claim that fifty county newspapers have been forced out of business in the last six months by this law.

## Boys Cattle Judging Contest

Valley City, N. D., March 18—A boys' hog and cattle judging contest will be a feature of the Northwest Cattle congress here the remainder of the week. Prizes and medals will be awarded.

In addition \$2,000 is to be given in prize money to hog and cattle entries.

## QUEER LITTLE YAP

Odd Customs on Small Island, Now American.

Peculiar Currency System Would Seem to Have Some Disadvantages—Religious Rites Observed by Parties of Fishermen.

The island of Yap isn't such a yap place, after all. Returned travelers from the South seas give illuminating details of life on the queer little island which even President Wilson hadn't heard of until the Paris conference decided that America ought to get something out of the war—and generously gave us Yap.

If America's would-be czars should adopt the well-known Russian plan of using Yap as a "Siberia"—as suggested the other day by a senator, who got a big laugh for his idea—here are some strongly American customs with a Malayan twist that deported persons would find in operation there:

Money as big as cartwheels "not only," but considerably bigger—huge stone dollars from two to twelve feet across!

Bachelor's club houses occupied by the entire male population on certain occasions, women being entirely excluded.

A social order, consisting of four castes—magicians, impoverished aristocrats, rich men and the populace.

A religion that includes a god, Luk, who protects thieves and swindlers. A language that would delight a diplomat or a blushing maiden, having nearly 40 different ways of saying "No."

The two great products of Yap are coconuts and typhoons. The typhoons save the natives the trouble of picking the coconuts. It is precisely in that quarter of the Pacific that the worst storms on earth are born, and from July to December the weather would delight Professor Porta.

Gold or silver money has no more value in Yap than bolshevik rubles have here. The Yaps have such faith in human nature that they have devised a coin nobody can lift. A small coin is a disk of granite two feet across and six inches thick, with a hole in the middle.

A large coin is two fathoms across and two feet thick. Rich people in Yap simply pile their money in the front yard or lean it against the side of the house, which saves them the trouble of showing off by elaborate dress or other indirect methods. It also gives full publicity to all cash transactions.

For "chicken feed" they use large pairs of oyster shells and hundred-pound sacks of copra. To "pass the plate" in a Yap church you have to use a moving van.

Americans who oppose foreign entanglements may take comfort from the fact that the word "Yap" originally meant "foreigner." The early Yaps were great traders and voyagers around the South seas. In other words, foreigners are Yaps—the same old story.

Today the Yaps fish religiously. Before every fishing party the men are obliged to leave their wives and spend four days in the club houses, which are large stone mansions.

After the first successful catch, the men come ashore and everybody takes a pull at the fermented juice of the green coconut. This is dubbed a religious rite, and the women have to keep quiet about it or get cursed by the gods—an idea which should interest Americans who are still fond of little fishing parties.

When a Yap gentleman wishes to steal he prays to Luk. Luk keeps other people from looking. If the thief gets caught anyhow, he simply decides that Luk must have been too busy to hear his prayer, and hopes for better Luk next time.

For the rest of it, Yap is 35 miles long and five broad, surrounded by a coral reef, has hills 1,000 feet high, runs out of water whenever it falls to rain for a week, has five smaller islands near it, grows yams and tropical fruits, but not rice, and contains some 10,000 natives of the Malay race, whose language, curiously enough, shows a basic relation to Sanskrit.

And it's ours, every bit of it.

## Colby Testifies In His Own Behalf

(By United Press)  
 Washington, March 18—Bainbridge Colby, testified in his own behalf today before the senate foreign relations committee which is considering objections to his confirmation as secretary of state. Senator Hitchcock said Colby had declared he had "scored a knockout" against those opposing his confirmation.

Colby, who left the court room by a back door to escape interviewers, said he did not want to commit the impropriety of making a public statement while his nomination was pending.

## Ask That Steamships May Increase Rates

(By United Press)  
 New York, March 18—There was little possibility that congress will adopt special legislation allowing increased flat rates to coast guard steamship lines, so the lines may grant the increase in wages demanded by their employees. J. J. Each, of the house interstate commerce committee today telegraphed the international president of the Longshoremen's association.

## Entente Will Demand Holland Exile Kaiser

(By United Press)  
 London, March 18—Despite the former kaiser's assurance to the Dutch government that he will refrain from all political activities, the belief prevails in official circles here that the entente will demand Holland exile him to Curacao, in the West Indies, or to the Dutch Indies. Although the Kapp group was quiet, it was said to have convinced Holland that it will be impossible to have Wilhelm remain in Europe because of the endless trouble of guarding him.

## AMUSEMENTS

New Park Tonight and Tomorrow

Universally recognized as one of the most appealing stories ever written, rich in sentiment, humor and quaint charm, "Little Women," the famous novel of Louisa M. Alcott, has been issued in photoplay form as a Paramount-Artcraft special picture, and this will be shown at New Park theatre today and tomorrow. Its presentation at that playhouse will visualize for the first time for admirers of this immortal story, the most celebrated characters in American literature—Meg, Jo, Beth and Amy.

"Little Women" was filmed in and about the Alcott home in Concord, Mass., where the story was written by Miss Alcott in 1868.

The Alcott home has been well preserved and stands today exactly as it did when the story was penned. The producers had the active assistance and co-operation of the surviving members of the cast, and the players selected had the unqualified approval of several residents of Concord who knew Miss Alcott and the little women of whom she wrote.

The four "Little Women," Meg, Jo, Beth and Amy, are portrayed respectively by Isabel Lamson, Dorothy Bernard, Lillian Hall and Florence Flinn. Henry is John Brooke and Conrad Nagle plays Laurie. Kate Lester is Marmee. The scenario was written by Anne Maxwell and the director was Harley Knoles. From the standpoint of photography, the picture is unexcelled.

## At the Best Again Today

Corsica, the land of the "Vendetta" and the "Maquis" the ancestral home of Napoleon, retaining its old time customs and in many respects its old time savagery. No wonder it appealed to Dumas as the setting for his wonderful story "The Corsican Brothers," which appeared at the Best theatre last night.

Dumas wrote it in 1845, that is the novel was first published then, and it immediately came into popular favor. Probably no other story has been more widely read by the people of the civilized world than this, the most absorbing story Alexander Dumas ever wrote.

Strangely enough, Dumas himself never dramatized his story. Why he did not will always remain a mystery for he was given to the dramatization of his stories but he left it for others

## BAD BLOOD, BOILS.

I could not get them out of my system until I took the 'Golden Medical Discovery' and it so purified my blood that I have never had any more such trouble.

"At one time I became ill with something that the doctors did not seem to understand. I finally consulted Dr. Pierce, by mail, and was wonderfully helped by the medicine he prepared and sent me. I shall always feel very grateful to Dr. Pierce and his medicines for the benefit received." A. S. Brown, 1832 No. 8th St.

## and Constipation

Muscatine, Iowa—"I have used Dr. Pierce's Pleasant Pellets for three years. I have found them pleasant, reliable and a first-class medicine for biliousness and constipation."—R. B. Williams, 705 E. Fifth St.

To do and it is most assuredly a curious circumstance in view of the great success which "The Corsican Brothers" has met with as a play. The stage of most every county has seen the dramatic version of the two famous twin brothers, actors of every generation have played the role many of them considering it to be their greatest.

Powerfully dramatic the tale of the wonderful likeness between the two brothers, twins born joined together, has made stage history and it remained for Dustin Farnum to add this tense drama to the list of truly great photodramas.

## RESOLUTIONS AS ADOPTED MARCH 17

By Republican County Convention at  
the Court House on Wednesday  
Afternoon

### WOOD-INSTRUCTED DELEGATES

Shaving of Government Bonds by  
Government is Condemned, Extra-  
vagance of Democrats Scored

These resolutions were adopted at  
the republican county convention  
held at the court house in Brainerd  
on Wednesday afternoon:

Whereas, by the passage of war  
measures the executive powers now  
given to the president are more au-  
thoritative than those given to any  
other sovereign in the civilized world.

Now, Therefore, be it resolved that  
this convention request the repeal of  
every extraordinary war statute and  
the reestablishment of the executive  
powers as existent prior to the war  
period.

Whereas, the United States Govern-  
ment sold to millions of its citi-  
zens during the war Liberty Bonds  
and urged the purchase of the same  
on the grounds that it was the pa-  
triotic duty of every American Cit-  
izen to purchase its government's  
securities as a means towards the  
successful prosecution of the war,  
and whereas, the present adminis-  
tration is now purchasing these se-  
curities at a discount.

Now, Therefore, be it resolved that  
the Republican Party condemn the  
purchase or retirement by the United  
States of its obligations at less than  
par, and thus profit from the patrio-  
tic acts of its citizens at their ex-  
pense.

Whereas, the present Democratic  
administration has been the most  
extravagant and wasteful of public  
funds of any administration in the  
past.

Therefore, be it resolved that the  
Republican party pledge itself to a  
rigid governmental economy; the  
adoption of a complete executive  
budget system in national finance;  
a revision of the present system of  
taxation, including the tariff, which  
present system breeds government  
private extravagance.

Resolved that this convention ur-  
ges the elimination of Bolshevism  
by fair laws and suitable system of  
education, and the elimination of Bol-  
shevik sympathizers from office; rat-  
ification of woman's suffrage amend-  
ment; a repeal of unnecessary busi-  
ness control laws for the purpose of  
helping to reduce the cost of living;  
establishment of an industrial com-  
mission to handle labor disputes, and  
strict immigration laws; ratification  
of the peace treaty with Senate re-  
servations properly setting out the  
constitutional limitations imposed  
upon the president and congress and  
safeguarding American rights and  
traditions, including the Monroe  
Doctrine.

Whereas at the Republican primar-  
ies conducted in the various pre-  
cincts of Crow Wing County on  
March 15th, 1920, Leonard Wood re-  
ceived a majority of the presidential  
preference vote of Crow Wing Coun-  
ty.

Now, therefore, be it resolved that  
all delegates elected by this Crow  
Wing County Convention to the Dis-  
trict and State Conventions be and

they hereby are instructed to vote  
in such District and State Conven-  
tions for delegates to the National  
Convention who are known to be in  
favor of the candidacy of Leonard  
Wood for president of the United  
States.

H. B. SHEERWOOD, Chairman,  
Brainerd.  
W. F. WIELAND, Brainerd.

## GRUENHAGEN CO. INOVATIONS MADE

Furniture and Electrical Goods to be  
Added, Balcony Enlarged in  
the Store

### BASEMENT ALTERATIONS MADE

Stairway Cut to Lead to Second Floor  
the Former Elks Hall, for Fur-  
niture Display

Changes made at the Gruenhagen  
Co. store on South Seventh street  
have completely altered the appear-  
ance of the store. New lines added  
necessitated more space.

Starting in the basement, that sec-  
tion has been remodelled and made  
a display room for stoves and ranges,  
tinware, etc. A smaller room will  
contain plumbing supply exhibits.  
Off to the right is a section devoted  
to paints, oils, etc.

A broad stairway leads to the main  
floor. There the hardware section  
will be more compactly and conven-  
iently arranged. To the south of the  
main room under the enlarged bal-  
cony will be the general offices and  
to the east four display rooms for  
electrical supplies of all kinds.

On the balcony will be the harness  
section and to the south of the stair-  
way leading to the second floor will  
be furniture.

Elks hall will be converted into a  
large furniture display room. All  
considered, the changes will make of  
the Gruenhagen Co. store a shopping  
place of merit and real convenience  
with all departments so arranged as  
to display goods to appeal to the eyes  
of customers.

Carpenter and other work is being  
done by Contractor William T. Carl-  
son.

## ST. PATRICK WAS HONORED MARCH 17

By Many Said to Have Best Best En-  
tertainment Given in History of  
St. Francis Parish

### FATHER MCCARTHY SPEAKER

Explained the Origin, Growth and  
Nature of Sinn Fein—Feast of  
Irish Music Given

At the St. Patrick's day celebra-  
tion given under the auspices of St.  
Francis Catholic church, the speak-  
er of the evening was Rev. Father  
Thaddeus McCarthy of Duluth cath-  
edral, who was introduced by Rev.  
Father J. J. O'Mahoney of the local  
parish.

Father McCarthy lived in Ireland  
thus witnessed many of the scenes  
at the time of the early uprisings  
of Sinn Fein efforts for freedom and  
so was qualified to speak on the or-  
igin, nature and growth of Sinn  
Fein.

The Irish went into the world war  
to uphold the principle of freedom  
of small nations. He compared the  
punishment meted out to Irish pa-  
triotists, ranged with backs to stone  
walls and shot down and bodied bur-  
ied in quick lime where they fell,  
while in South Africa political offen-  
ders were given only terms of jail  
instead of death.

The large proportion of Irish pa-  
triotists were finely educated, men of  
principle and honor. England now  
wished to abolish Irish schools and  
replace them with English and com-  
pell the Irish to support the latter.

In the Irish fight for freedom right  
was bound to triumph in the end,  
and the hearts of all liberty loving  
Americans were with the Irish pa-  
triotists, he said.

So good was the entertainment, a  
feast of Irish song, oratory, music and  
dancing given at the New Park  
Theatre Wednesday evening that  
Rev. Father J. J. O'Mahoney ex-  
pressed his appreciation as follows:

"I wish to express my great ap-  
preciation of the program rendered  
in honor of the Patron Saint of Ire-  
land on St. Patrick's evening."

"I feel positive that no city, of  
whatever size, had a more fitting  
commemoration. Many and grateful  
thanks are due all who participated,  
either by genius, ability, material, la-  
bor, or thought. It was certainly a  
generous proportion of each of these  
ingredients which resulted in such  
a harmonious and enjoyable produc-  
tion. May we have many more of a  
similar nature."

The opening overture was "Erin  
Go Bragh".

The first chorus sang, "The Orange,  
the White and the Green", being  
rendered by school children.

"Come Back to Erin," and "My  
Little Irish Girl" were sung by S. F.  
Alderman.

Mrs. John H. Kregelberg sang "Be-  
lieve Me if All Those Endearing  
Young Charms" by Thomas Moore  
and "Sweet is Tipperary" by Denis  
A. McCarthy, with the violin obliga-  
to played by Harry Butler.

Some Kerry dancing and jigging  
was done by five couples dressed in  
Irish costume. They were Julian  
Rasch and Fern Betzold; Leo McGill  
and Lucille O'Connor; Arthur Lar-  
kin and Angela Unterker; Thomas  
Larkin and Alice O'Brien; Bernard  
Mraz and Kathleen Early. The  
young people had been trained by  
Miss Mayme Scallen.

Julius Witham played the violin  
solo, "Mother Machree" by Chaun-  
cey Oleott.

"Kathleen Mavourneen" by Crouch  
and "Peggy" by Neil Moret was sung  
by Mrs. Mal D. Clark, the violin obli-  
gato being played by Julius Witham.

Wm. Graham played very accep-  
tably a cornet solo entitled "Killar-  
ney" by Balfe.

The Larkin boys, Arthur and  
Thomas, gave a wrestling exhibi-  
tion. Arthur secured two out of  
three falls and was declared the  
winner by the referee, B. C. McNa-  
mara. The boys had been secured  
for the program by Con O'Brien.

Miss Marie Koop played the piano  
solo, "Polonaise" by McDowell.  
Al. C. Mraz sang "Home to You  
Ireland" by Loekton and "If They'd  
Only Give Old Ireland to the Irish"  
by Hawlett.

Harry Butler played the violin solo  
"Souvenir" by Bragda.

Rev. Father Thaddeus McCarthy  
of Duluth gave his lecture on Sinn  
Fein.

The closing chorus "Faith of Our  
Fathers" was sung by the school  
children.

The accompanists for the occasion  
were Mrs. W. F. Wieland, Miss Mar-  
ie R. Koop and Miss Josephine Gra-  
ham.

### HIDES STOLEN

Thieves Bid Fair to Make Away With  
\$200 Worth, Surprised and  
Leave Loot

Thieves entered the barn where H.  
Perlman of the Brainerd Iron &  
Metal Co. had stored from \$200 to  
\$300 worth of hides, tossed them out,  
and alarmed in the midst of their  
loot left all in the alley near 407  
South Seventh street.

Perham, early Thursday morning,  
went to his barn, found the loft door  
open and discovered his hides scat-  
tered about the alley and recovered  
all except two valued at about \$10.

Rosie Bush has commenced action  
for divorce against Nick Bush. She  
is 22 and he is 24 years old. They  
were married in Cleveland, Ohio,  
June 4, 1917 and have one child,  
Emil, born April 8, 1918 in Brainerd.  
She charges that he deserted her  
on June 30, 1917. Swanson &  
Swanson are attorneys for the plain-  
tiff.

In the case of Era E. Smith vs  
Martin V. Smith, a divorce was  
granted after a hearing by Judge  
W. S. McClenahan of the district  
court. The complainant is 31 years  
old and the defendant 49. They  
were married at Leon, Decatur coun-  
ty, Iowa, on July 4, 1906 and have  
no children. She brought the ac-  
tion on the grounds of adultery  
charged and his answer he made  
a general denial. Swanson & Swanson  
wer attorneys for the plaintiff  
Era E. Smith and D. R. Fullerton  
represented the defendant.

Major R. W. Schroeder  
After dropping more than five miles in an airplane, Major R. W. Schroeder, chief test pilot at McCook Field, Dayton, O., lives to tell the tale. He established a new world's altitude record of 36,020 feet but he declares that he started out to climb 40,000 feet and that as soon as he has recovered from the effects of his great drop he will make another attempt. He lost consciousness when his oxygen supply ran out but partial blindness caused by the intense cold. The best previous official record was Roland Rhoif's mark of 31,000 feet. Adjutant Casale, a French pilot, was credited with an unofficial record.

Photography From the Air.  
In Tasmania photographic enterprise has taken on a new form. A Tasmanian photographer, determined to outdo his rivals in getting pictures of the most picturesque state in the commonwealth, chartered a recently imported airplane, went aloft, and obtained magnificent views. These were exhibited in his shop window, sold like hot cakes, and amply rewarded him for his enterprise. The cinematograph man will now be put upon his mettle and the picture shows, no doubt, will soon be showing their audiences moving scenic pictures of surprising range and beauty. In time pictures taken from the airplane will probably be used to instruct children in geography.

## Up At The Top— And Staying There

There was plenty of room at the top for cigarette of tip top quality at a rock bottom price. And that's where Spur comes in.

For men who judge a cigarette by its looks, by its blend, by its taste—well, Spur was made for them. Money can't buy anything better than:—

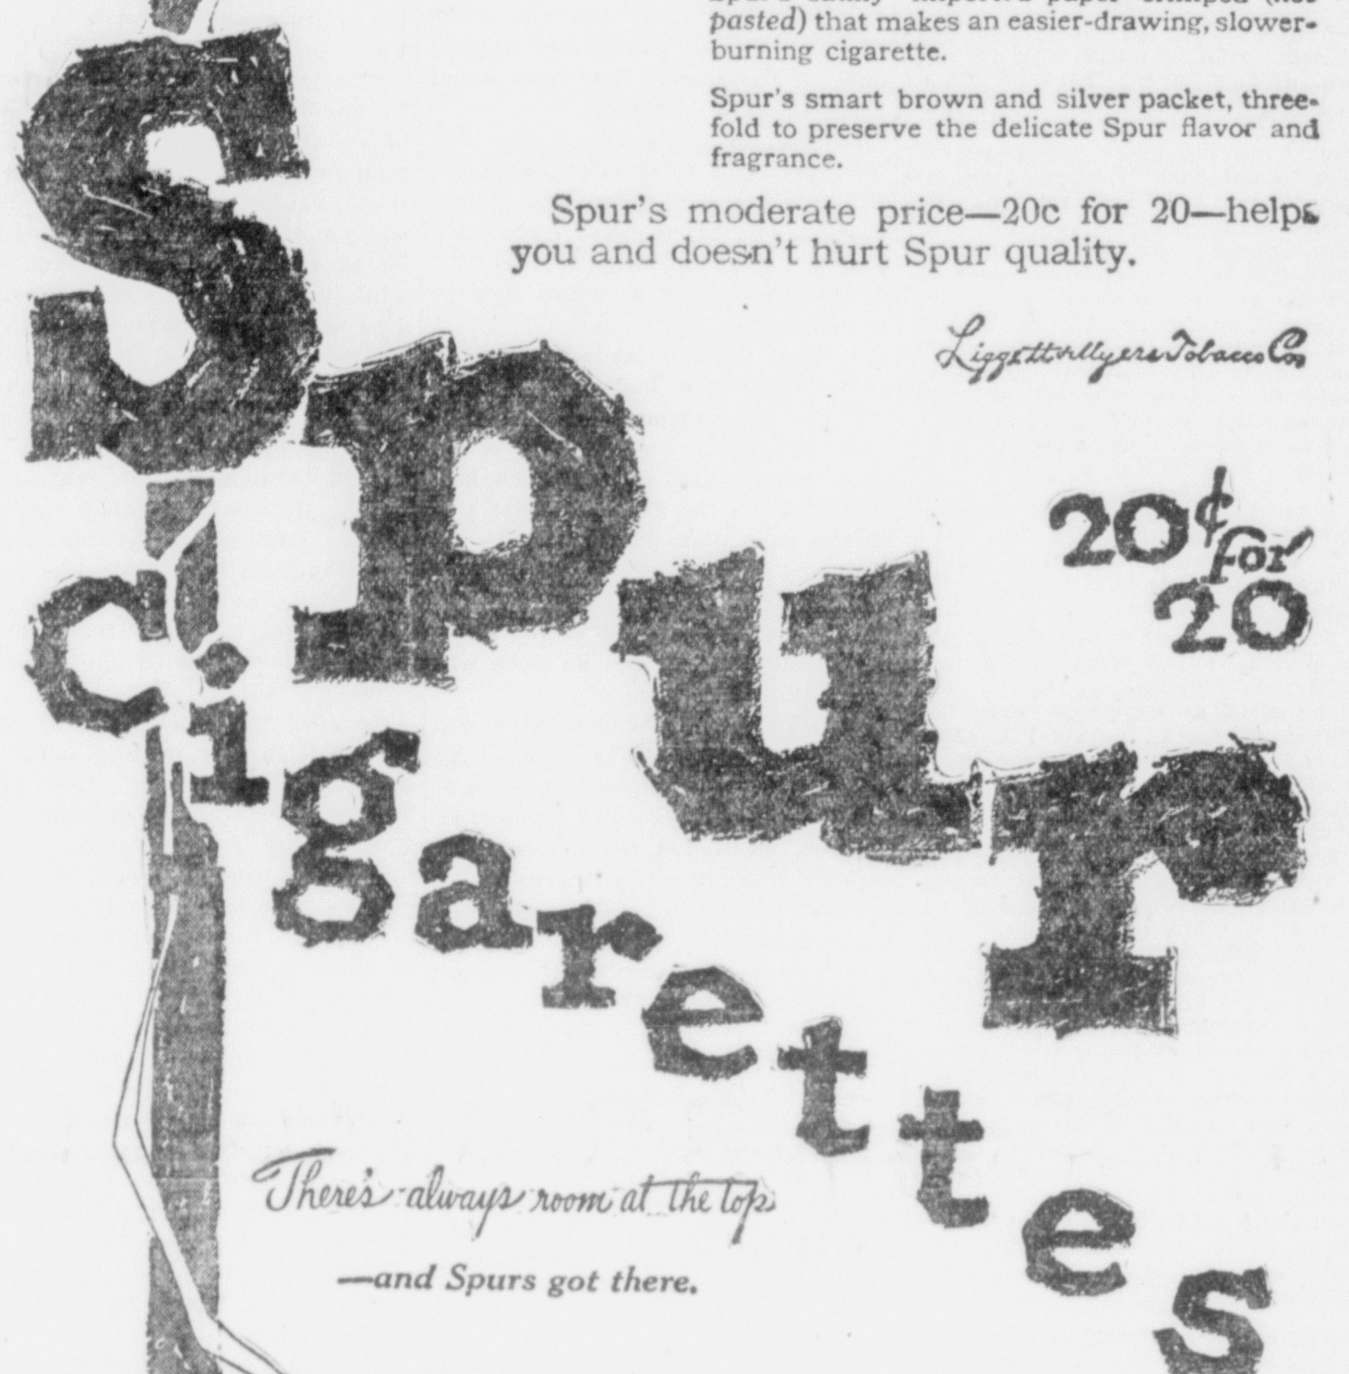

Spur's new blend of choicest Oriental and American tobaccos that brings out to the full that good old tobacco taste.

Spur's satiny imported paper crimped (not pasted) that makes an easier-drawing, slower-burning cigarette.

Spur's smart brown and silver packet, three-fold to preserve the delicate Spur flavor and fragrance.

Spur's moderate price—20c for 20—helps you and doesn't hurt Spur quality.

*Lightly Tipped Tobacco*

There's always room at the top  
—and Spurs got there.

## M-m-m! Vegetables Fresh From My Garden!

DID you ever know anyone, who once raised a good garden, to say it wasn't worth while? A Vegetable Garden affords enjoyment and recreation for every member of the family in addition to its fresh food supply.

Vegetables always taste better just off the vines or just out of the ground. Utilize the available land near you this summer and be sure of a fresh supply of radishes, lettuce, carrots, beets, turnips, beans, peas and all the other delicious vegetables you like so well.

Good soil, sunshine, good seeds and enjoyable effort are all that are required for a successful garden. The seeds are frequently given least consideration. This year decide to plant the best seeds you can get—select them from Northrup, King & Co.'s convenient seed case at your dealers. Practical cultural directions are printed on the back of each packet.

## IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—  
Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician. If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones. Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.
